May 2010

Dear Friends,

It continues to be the privilege of the Community Players of Concord to bring area theater-goers quality affordable entertainment each year. We've been here since 1927 when our first play, *The Mollusc*, was presented at the City Auditorium. Our most recent production, *Big, the Musical*, delighted our audiences yet again at the Audi in 2010.

Once annually, we ask for your support and like most of you, we've tightened our belt and trimmed our budgets to weather these difficult financial times. However, the "show must go on", and we plan on being here in the future to brighten your life, engage your mind and continue our theatrical mission.

Some of the tax deductible donations we receive from this Annual Fund Drive will be used to augment our lighting inventory. Lighting brings to life what you see on stage, it sets the mood, and can define space and time. Lighting is, without a doubt, a critical ingredient. It even kept our *Full Monty* guys in the dark last year, so we wouldn't get arrested when they "took it all off"!!

Some of the monies will be used to restore our studio's props and furniture storage area which is the last piece our reclamation from the roof collapse of 2008. Items were ruined as a result of water damage and the time has come to clean it, toss it, or replace it. Your donation will help us finish this critical task.

As always, CPC helps other theatre groups by loaning props, costumes, and set pieces, and we have a thriving Children's Theatre project, so your contribution does much more than just help our group. Being a resource in the central area of the state is part of what makes CPC a true community organization.

Without you, our supporters, we would have no reason to shine and we would be, literally, in the dark.

You can donate using the coupon and return envelope, and we now can accept donations online: www.communityplayersofconcord.org. Our home page has a dedicated link for donations to the Annual Fund Drive.

You have our sincere thanks as we look toward our 83rd season!
